KERB WEIGHT - The weight of the vehicle including a full tank of fuel and all standard and optional equipment. It does not include the weight of the driver, any passengers or cargo.
GVM - Gross Vehicle Mass - The maximum permitted mass of the vehicle including the driver, passengers, fluids and the load.
PAYLOAD - The capacity in terms of weight that a vehicle is able to carry. It does not include the weight of the vehicle itself. The payload stated above is the gross payload not including the driver.
MIRO - Mass in Running Order - The total weight of a vehicle when it is empty and ready to be used on the road without carrying any passengers, goods or other items. It does include the driver and all the standard equipment.
GTM - Gross Train Mass - The combined weight of the vehicle, trailer and payload.
*The $CO_2$ values provided are applicable to standard configurations. Please be advised that the addition of optional features may result in an increase in the final CO2 value or, in some cases, the VED band may change.

KERB WEIGHT - The weight of the vehicle including a full tank of fuel and all standard and optional equipment. It does not include the weight of the driver, any passengers or cargo.
GVM - Gross Vehicle Mass - The maximum permitted mass of the vehicle including the driver, passengers, fluids and the load.
PAYLOAD - The capacity in terms of weight that a vehicle is able to carry. It does not include the weight of the vehicle itself. The payload stated above is the gross payload not including the driver.
MIRO - Mass in Running Order - The total weight of a vehicle when it is empty and ready to be used on the road without carrying any passengers, goods or other items. It does include the driver and all the standard equipment.
GTM - Gross Train Mass - The combined weight of the vehicle, trailer and payload.
*The $CO_2$ values provided are applicable to standard configurations. Please be advised that the addition of optional features may result in an increase in the final CO2 value or, in some cases, the VED band may change.

KERB WEIGHT - The weight of the vehicle including a full tank of fuel and all standard and optional equipment. It does not include the weight of the driver, any passengers or cargo.
GVM - Gross Vehicle Mass - The maximum permitted mass of the vehicle including the driver, passengers, fluids and the load.
PAYLOAD - The capacity in terms of weight that a vehicle is able to carry. It does not include the weight of the vehicle itself. The payload stated above is the gross payload not including the driver.
MIRO - Mass in Running Order - The total weight of a vehicle when it is empty and ready to be used on the road without carrying any passengers, goods or other items. It does include the driver and all the standard equipment.
GTM - Gross Train Mass - The combined weight of the vehicle, trailer and payload.
*The $CO_2$ values provided are applicable to standard configurations. Please be advised that the addition of optional features may result in an increase in the final CO2 value or, in some cases, the VED band may change.

KERB WEIGHT - The weight of the vehicle including a full tank of fuel and all standard and optional equipment. It does not include the weight of the driver, any passengers or cargo.
GVM - Gross Vehicle Mass - The maximum permitted mass of the vehicle including the driver, passengers, fluids and the load.
PAYLOAD - The capacity in terms of weight that a vehicle is able to carry. It does not include the weight of the vehicle itself. The payload stated above is the gross payload not including the driver.
MIRO - Mass in Running Order - The total weight of a vehicle when it is empty and ready to be used on the road without carrying any passengers, goods or other items. It does include the driver and all the standard equipment.
GTM - Gross Train Mass - The combined weight of the vehicle, trailer and payload.
*The $CO_2$ values provided are applicable to standard configurations. Please be advised that the addition of optional features may result in an increase in the final CO2 value or, in some cases, the VED band may change.

Contents Page

With it's unique bulkhead, the Multicab can offer seating for up to 5 people, and a load length of up to 3450mm (on LWB versions with load-thru)

The rear seats can also be removed to offer the benefit of a lockable enclosed space within the vehicle.

The rear load space still has the capability of carrying a euro pallet or 8x4 board

KERB WEIGHT - The weight of the vehicle including a full tank of fuel and all standard and optional equipment. It does not include the weight of the driver, any passengers or cargo.
GVM - Gross Vehicle Mass - The maximum permitted mass of the vehicle including the driver, passengers, fluids and the load.
PAYLOAD - The capacity in terms of weight that a vehicle is able to carry. It does not include the weight of the vehicle itself. The payload stated above is the gross payload not including the driver.
MIRO - Mass in Running Order - The total weight of a vehicle when it is empty and ready to be used on the road without carrying any passengers, goods or other items. It does include the driver and all the standard equipment.
GTM - Gross Train Mass - The combined weight of the vehicle, trailer and payload.
*The $CO_2$ values provided are applicable to standard configurations. Please be advised that the addition of optional features may result in an increase in the final CO2 value or, in some cases, the VED band may change.

| $CO_2$ Emissions (g/km)* | Tax Band | Number Plates (Estimated) | Government First Registration Fee | Delivery Fee | First Year Vehicle Excise Duty (VED) | Total Petrol & Diesel compliant |
|---|---|---|---|---|---|---|
| | TC39 | £20.83 | £55.00 | £1,444.00 | £360.00 | £1,879.83 |

### Commercial Vehicles - Including VAT

| $CO_2$ Emissions (g/km)* | Tax Band | Number Plates (Estimated) | Government First Registration Fee | Delivery Fee | First Year Vehicle Excise Duty (VED) | Total Petrol & Diesel compliant |
|---|---|---|---|---|---|---|
| | TC39 | £25.00 | £55.00 | £1,732.80 | £360.00 | £2,172.80 |

The delivery charge is included in the Basic Recommended Retail Price and is made on all models for delivery to the Dealer's premises. Where delivery is not made to the customer at the Dealer's premises a further charge may be made by the Dealer.
The Vehicle Excise Duty (VED) charged on new cars is based on their engine's CO2 emissions* (expressed in grams per kilometre (g/km)). All CO2 emissions figures in g/km are from officially approved tests in accordance with European Regulations (EC) 715/2007 and (EC) 2017/1151 as last amended.
The chart above shows the Bands and the VED which will be levied (for vehicles registered from1st April 2025 onwards). If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £425) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £195).

# OTHER PRICING CONSIDERATIONS

## Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the plan. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

## VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

## Price Changes

This price list outlines Ford's recommended on the road prices and recommended retail prices. Please contact your Ford dealer for final sale prices. This price list is effective from 1st April 2026, and supersedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves it right is reserved to change its recommended prices at any time. Change to government legislation or tax changes could result in a change to Ford's published recommended prices.

## ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to p[illegible]ever, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.
